Denso Hair Pin-CCW Unit & Pulley Nut

As you know, on the Denso hair pin alternator, most 98% of the unit on the market they are the CW rotation (clockwise), but there are two unit they are CCW rotation (counter clockwise), they are used on Lester unit 11109 and 11584, for GM Chevy and Jeep Wrangler vehicles.

Now, we supply the unit and the flange Pulley Nut.

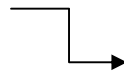

85-82001F-CCW
